TECHNICAL EDUCATION ACADEMY

Ahmed Ghazy

Instructor

A certified Project Management Professional (PMP) and accredited trainer with Oracle University, specializing in Oracle Primavera solutions and applications. Brings more than 26 years of extensive experience in project management, with strong expertise in project controls systems, PCS software, and construction project management. Has served as a planning consultant on major refinery and petrochemical plant shutdown projects in Saudi Arabia, successfully supporting project execution across all phases of the project lifecycle.

Over the past ten years, has also focused on professional training and capability development, delivering courses in Oracle Primavera solutions, project management fundamentals, and exam preparation for key PMI certifications, including PMP, PMI-RMP, and PMI-SP. Combines deep industry knowledge with practical field experience and a proven track record in training professionals across a range of project management disciplines.

Holds a Master’s degree in Project Management and has been certified as a Project Management Professional (PMP) by PMI since 2011. Offers a strong combination of technical knowledge, hands-on project experience, and instructional expertise, making him a valuable contributor to organizations seeking to strengthen project delivery performance and enhance their project management capabilities.
