

Amr Mohamed Chams El dine Abdel Samad

Instructor

Career synopsis

Accomplished professional with extensive expertise in supply chain management, logistics, and HSSE leadership across the oil & gas, manufacturing, and retail sectors. Over 15 years of experience in strategic planning, contract management, and operational excellence, consistently delivering measurable cost savings, process improvements, and greater operational efficiency.

Proven track record includes leading large-scale supply chain transformations, implementing Lean continuous-improvement practices, and coaching cross-functional teams. Notable achievements include securing multimillion-dollar savings, enhancing on-time delivery performance, and driving regional growth in competitive markets.

Certified trainer and consultant with strong leadership, stakeholder management, and mentoring capabilities, effective in dynamic, global environments. Educational background in Mechanical Engineering and professional certifications in Lean Six Sigma, Project Management, and HSSE auditing further solidify the ability to deliver results.
