

Jeyhun Aliyev

Instructor

Career synopsis

Strategic professional with over 25 Years of experience in Mechanical Maintenance, Maintenance Engineering & Operations and other related activities.

Expertise in developing and implementing competency (OPITO Level 2&3) development program for the mechanical technicians, and help to prepare the competency and career mapping of all mechanical technician staff to be able to work with minimum support and with high efficiency.

Provide courses related to Mechanical Static and Rotating equipment.

Expertise in coordination and delivery of all maintenance/operations/commissioning activities under service agreement and in compliance with company regulations.

Functional expertise in managing the overall maintenance operations for Mechanical Operations with key focus on SLA's & SOP's & bottom line profitability by ensuring optimal utilization of resources for enhanced operational effectiveness.

Experienced for safe delivery of maintenance (PM, PD and CO) activities for various mechanical (Rotating and Static) equipment. Optimize the use of manpower, equipment and tools to effectively execute the daily maintenance task.

Significant experience in managing maintenance operations, project execution, Planned Shut Down activities by implementing plans for maintenance and annual turnaround with focus on optimum utilization of manpower and materials

Experienced in managing functions related to in-process inspections, implementation of quality standards (API610, API 617, ISO 14001, ASME16.5) & various techniques for improving Plant Operations and adopting modern methodologies in compliance with Health, Safety and Environment.

People Management skills with excellent presentation and communication skills, an appreciation of cultural diversity, and a focus on continuous learning and improvement.

Work experience:

Since February 2022-September 2022/ ELSER LLC, Maintenance Specialist;

Since Sep2018-Dec2021| ADNOC Technical Academy, APP OJT as Mechanical Instructor;

Sep'17-May'18| SPSP, Al Khafji, Saudi Arabia as Technical Trainer;

Apr'16-Sep'16| GPS-SAIPEM, Atyrau, Kazakhstan, Karabatan Terminal as Mechanical OJT;

Jul'01-Apr'16| BP, Baku, Azerbaijan, Sangachal Terminal as Operation Discipline Advisor;

Aug'95-Jul'01| SOCAR, Baku, Azerbaijan, Guneshli Offshore Oil Field as Mechanical Engineer.

Professional trainings:

Level 4 Award in the Internal Quality Assurance of Assessment Processes and Practices (RQF) in 2022

NEBOSH International Technical Certificate in Oil and Gas Operational Safety in 2020

Level 3 Certificate in Assessing Vocational Achievement (RQF) in 2019

EMRINV010 Incident Investigation-Basic RCA in 2014

HSEGEN558 CTM Simple/Advanced System User in 2014

HSEGEN563 HSE Compliance Expectation & CTM users in 2014

GRPME 023 Courageous Conversations in 2013

HSEGEN771 Operational Risk Assessment in 2013

TECGEN160 OMS/CI Awareness in 2011

HSECOW152 ISSOW - Level 2 in 2011

HSECOW010 Control of Work - PTW Area Authority in 2010

HSEOPS007 Cow HITRA: Combined (Particip/Facil) in 2010

0020260QL Operating Essentials Learning Planner in 2009

HSEOPS006 OE: Process Safety in 2009

LDRBUS225 Supervisory Skills Workshop in 2009
OPMPLS200 Introduction to Maintenance Planning in 2009
HSEAWR300 Safety Observations & Conversations in 2008
GRPME 001 Effective Performance Conversations in 2008
EMRINV010 Incident Investigation-Basic RCA
TECMEC040 Pulsation Damper Awareness Training
MENREP001 Dry Gas Seals in 2007
TECGEN050 GOC foundation Course in 2007
TECENG159 Maximo - Technician Level in 2007
HSECOW020 Control of Work - Task Risk Assessment in 2007
HSECOW040 Control of Work - Energy Isol Process in 2007
HSECOW060 Control of Work - Confined Space Entry in 2007
TECMEC050 Assembling Tightening Bolted Connection in 2007
TECMEC020 Wet Seals Mechanical Course in 2006
HSESAF113 Hazards Identification in 2005
TECMEC060 Compression Fittings & Tubing in 2004
EMRFIR214 Offshore Fire Team Mbr non approved OPIT in 2004
TECPRO070 Turbo Expander Compressor Package Ops
TECTEC196 Valve Greasing
TECTEC197 Valves & PSVs
Languages Known: English, Azarbaijani, Turkish, Russian

Professional experience

April 2018-Until now - Инструктор механик - petrofac, uae

- Design Assessment Templates for Task Assessments and provide classroom and Pilot Plant training and Assessments for Mechanical Technicians. Review Technicians Site Reports to identify gaps and provide additional Training and Assessments.
Comply with ADNOC Training Academy and Petrofac HSE and PTW policies
- Curriculum development
- Personnel training
- Knowledge test / assessment

September 2017-April 2018 - Technical Trainer - SPSP, Al Khafji, Saudi Arabia

- Delivering Certification technical training programs according to SPSP/ARAMCO organizational requirements. Producing daily lesson plans, toolbox talks, training schedules and classroom agenda. Determining course content according to objectives. Create instructor materials (course outlines, background material, instructional materials, and training aids).
- Personnel training
- Knowledge test / assessment

April 2016-August 2016 - Mechanical OJT - GPS-SAIPEM, Atyrau, Kazakhstan

- Provide classroom and on site trainings for Static and Rotation Technicians. Prepare classroom visual and slide materials. Provide assessment for Foreman's and give feedback to Site Maintenance Supervisors about Technician progression. Prepare weekly Technician progression reports.
- Personnel training
- Knowledge test / assessment

November 2014-April 2016 - Operation Discipline Advisor Mechanic - BP, Baku, Azerbaijan

- Responsible for providing discipline specific technical expertise in recruitment, training and development of National Technicians in Azerbaijan. Monitor and audit the Foundation training program, lead annual program curriculum reviews, manage any changes to the standards. Developed 2 Contractor Instructors in line with BP systems, Programs and Procedures such as MAXIMO, ISSOW, CMAS, and E-warehouse lite
- Curriculum development
- Knowledge test / assessment

June 2008-November 2014 - Maintenance Supervisor - BP, Baku, Azerbaijan

- Responsible for the delivery of day-to-day maintenance activities within EOP and BTC areas following personal, process and equipment safety standards. Optimize the use of manpower levels, to effectively execute the Responsible for Technicians CMAS progression. Ensure Weekly WO's completion within target and KPI records within company standards. Work with Engineering team in order to optimize equipment reliability and reduce downtime of the equipment. Raised appropriate EQ and completed MOC. Attended LEVEL 2 Risk assessments with Operation Team.

Education and qualifications

Type	Name
1990 - 1995, Higher	АГНА, Инженер механик

Language: English, Russian
