TECHNICAL EDUCATION ACADEMY

Mikhail Stepanov

Instructor

Hello, I’m Mikhail! My history of success in drilling fluids/well control as well as technical service engineering. I’m an expert at managing drilling logistics and at training teams to achieve demanding service goals.
I am knowledgeable in well control, testing fluids in the lab to ensure their properties meet designed specifications.
While others take pride in meeting all standards set before them, my passion is for delivering knowledge that goes beyond organisational expectations, creating a win-win scenario for everyone involved!
