

**Yesset Mukhambetpaiz**

**Instructor**

### **Career synopsis**

### **Professional experience**

#### **August 2017-Until now - Drilling and Completion Consultant - Sole Proprietorship, Kazakhstan**

- - Supervision of drilling, completion and workover operations (consultant for Condor Petroleum, Karatau Consulting and DCT Engineering companies) and following projects:
  - Drilling and completion operations on 1450 mMD horizontal development wells w/ inflow Control Devices ICDS, Shoba field
  - WO 3800 mMD HPHT gas wells in Poltava region, Ukraine
  - Completion and testing 4300 mMD HPHT well on Munaibay field
  - Drilling 5800 mMD HPHT and H2S horizontal well, Saipem rig, Chinarevskoe field
  - Drilling 4150 mMD exploration well w/ ZJ-70 drilling rig, North Kariman field
  - Drilling 4500 mMD exploration well w/ ZJ-70 drilling rig, Urikhtau field
- Render training services to DCT Engineering and Sunrise Energy Kazakhstan LLP companies on following topics:
  - Development of oilfields with horizontal wells
  - Well Control fundamentals for production personnel as per Kazakhstan standards
- Curriculum development
- Personnel training
- Knowledge test / assessment

#### **February 2012-June 2017 - Drilling and Workover Manager - Condor Petroleum, Kazakhstan, Canada, Turkey**

- • Provision full engineering support, prepared, reviewed detailed drilling, completion and WO programs, casing designs in liaison with main office and development department;
- Preparing drilling/testing budgets, AFEs and organization of cost control, daily reporting, ensured timely transmission of daily reports to Company's Management;
- Execution of the drilling and well operations safely and efficiently in accordance with the approved drilling program and Company's standards and ensure that NPT is minimized and controlled;
- Ensured inventory are at optimum level and that necessary spares and equipment are available on rig site;
- Quality control drilling and WO services for the benefit of the Company and capture all lessons learned to continually improve drilling operations schedule and costs;
- Addressing various geological and technological issues on different structures;

#### **February 2009-January 2012 - Technical Manager - Mai-Invest LLP, Kazakhstan**

- Managing operations in the planning, implementation and execution of all drilling, completion and WO operations on XJ-450, A-50, ARB-100 drilling and service rigs

**May 2003-December 2008 - Mudlogging Technical Manager - GEO-Data GmbH, Kazakhstan, Germany**

- - Carrying trainings for technical personnel of the Company on geological and drilling technologies in English;
  - Supported exploration and production drilling activities on Alibekmola, Alibek South, North Buzachi, Kariman, Dolinnoe, Zhagabulak, Komsomolskoe, Tasbulat, Aksaz, Koblandy and many other oil fields on Pre-Caspian basin in Western Kazakhstan. Drilled HPHT wells, with H<sub>2</sub>S content, directional and multilateral wells, 7200m exploration well in highly challenging conditions (salt creeping, HPHT).
- Curriculum development
- Personnel training
- Knowledge test / assessment

**August 2020-June 2002 - Teacher of Engineering Sciences - Kazakh Academy of Transport and Communications after Tynyshpayev, Kazakhstan**

- - Teaching lectures and practical classes to 4 groups (120 persons) for students of petroleum and geological specialties on Theoretical Mechanics, Strength of Materials and Computer Science;
  - Preparing educational and working programs;
  - Participation in entertainment activities (sport, music events)
- Curriculum development
- Personnel training
- Knowledge test / assessment

**Education and qualifications**

Type	Name
2006 - 2008, Bachelor	Zhubanov Aktobe Regional University, Petroleum Engineering
2014	PetroSkills, Directional, Horizontal and Multilateral Drilling, 32 hours
2013	NeXT Schlumberger, Stuck Pipe and Fishing Operations, 32 hours
2006	GEO-Data GmbH, Mudlogging Unit Manager, 32 hours

**Language: English, Russian**
