

Islam Hafez

Instructor

Career synopsis

Frontend Developer with strong Odoo expertise, building fast, scalable web applications using React, Next.js, Angular, and modern JavaScript tooling. I develop custom Odoo modules and themes, turn Figma designs into pixel-perfect OWL and QWeb components, and work across the stack—from Python models and APIs to high-performance frontend integrations—delivering clean, maintainable, and optimized user experiences.

Professional experience

October 2024-Until now - Frontend Developer | React, Next.js, Odoo Specialist - Taqat Techno, Qatar, Doha

- Curriculum development
